Samples received by: Ben Meyer Date: 7/23/25 Time: 11:05

NOTES: Return samples to the Kenai Watershed Forum Office by 12:00 PM

Before departing, sample water quality on site with handheld YSI digital probe and record on this sheet. Take two repeat measurements ("A" and "B") within a minute or two of each other.

"River Mile" indicates location, either on mainstem of the Kenai River itself or where a tributary empties into the Kenai River.

Some sites are randomly assigned for metals field blanks. Check your packing list and speak to the project coordinator to confirm.
